Zurich, early June, 2020

New Dates for our Auctions in 2020

Dear Customer,

As everybody knows, due to the international situation, we could not transact our 65th auction which was scheduled for April 17 & 18, 2020. This entire auction is now postponed to September 4 & 5, 2020.

You received the corresponding printed catalogue probably in early April. There will be no change regarding the contents and the procedure of that catalogue. There might be some changes in the viewing possibilities or the presence during the auction on the floor, depending on Government decrees at that very moment in August and September.

We will inform you of the actual situation by an additional letter in early August. At the same time, the catalogue will also be available on the Internet.

Together we are looking forward to this coming auction with much optimism and some impatience!

In the meantime, we already started to prepare our 66th auction meant for October of this year. Finally, it will be held December 11 & 12, 2020. Excellent material, beautiful collections and individual items have already been entrusted to us for that forthcoming auction. We would like to welcome also your material to that event. Please do not hesitate to contact us by phone or mail. Deliveries are from the moment of their transfer to us or, as this may be, of their posting at a post-office insured on our behalf against all risks.

To avoid any frictions with our September-auction, your consignment should arrive by the middle of August, 2020.

We thank you for your interest, and God bless you.

With our best regards,

SCHWARZENBACH AUKTION ZÜRICH

Hans R. Schwarzenbach

Robert Egli

Andrzej Zbojnowicz

**Wir sind trotzdem
für Sie da!**
